Aaron Miller
Project Coordinator
881 Main Street
Herculaneum, MO 63048

Dear Mr. Miller:

RE: Bioavailability and Speciation Studies for the Herculaneum Lead Smelter
Superfund Site

Enclosed are copies of each of the subject studies that were recently completed for the Herculaneum Lead Smelter Site. I will also be sending copies to Dan Vornberg at your St. Louis headquarters.

I can be reached at 913-551-7755 if you have questions concerning these studies.

Sincerely,

Bruce A. Morrison
Project Manager
Superfund Division
